

DEEPTI SAINI

Full-Stack Developer | MERN Stack | Real-Time Web Applications

7015741995 | sainideepti24@gmail.com | [GitHub](#) | [LinkedIn](#) | Sonapat, India

WORK EXPERIENCES

Fullstack Developer Intern — Full-time

June 2026 – Present

Prickhome Technologies Pvt Ltd

Remote

- Developed and maintained full-stack web applications using MERN stack and Tailwind CSS.
- Built REST APIs with Node.js/Express and managed data using MongoDB/Mongoose.
- Implemented real-time communication using Socket.IO and application state using Redux.
- Integrated frontend, backend, and database components to deliver scalable web features.

Technologies / Skills Used : React, Express, MongoDB, Tailwind CSS, Node.js, Mongoose, Redux toolkit, Socket io, Render, HTML

Fullstack Developer Intern — Internship

Feb 2025 – Jul 2025

Prickhome Technologies Pvt. Ltd.

Remote

- Developed a responsive UI utilizing React.js and Tailwind CSS.
- Built 10+ RESTful APIs with Node.js and Express.js.
- Integrated backend APIs with the frontend and managed authentication processes.

Technologies / Skills Used : React.js, Tailwind CSS, Node.js, Express.js, MongoDB

PROJECTS

Chatify- A real-time chat application | [Live](#) | [Github](#)

Individual Project

- Developed a real-time messaging platform with secure JWT authentication and responsive UI.
- Implemented Socket.IO for instant messaging, typing indicators, and online user status.
- Integrated MongoDB, Cloudinary, and Redux Toolkit for chat storage, image sharing, and state management.
- Deployed the full-stack application on Render with MongoDB Atlas backend.

Technologies / Tools Used : React.js, Redux Toolkit, Node.js, Express.js, MongoDB, Socket.IO, JWT, Cloudinary, Tailwind CSS

Nudge – A focus enhancing chrome extension | [Github](#)

Individual Project

- Built a Manifest V3 Chrome extension that injects a floating productivity widget directly into active webpages.
- Implemented service worker and content script communication using Chrome Runtime Messaging to trigger actions from the extension toolbar.
- Developed a floating UI element that dynamically appears at the bottom-right corner of webpages using DOM manipulation and CSS.
- Used Chrome's Tabs API to identify the active browser tab and communicate with the corresponding webpage.
- Configured web-accessible extension resources to securely load custom assets such as the Nudge logo inside webpages.
- Designed the extension architecture to support future productivity features including focus-session tracking, distraction detection, website blocking/restriction, and analytics.

Technologies / Tools Used : JavaScript, React.js, Tailwind CSS, Chrome Extensions API, Manifest V3, Chrome Runtime API, Chrome Tabs API, Chrome Storage API, Chrome Alarms API, Node.js, Express.js, MongoDB, Mongoose, JWT, REST APIs

LinkedIn – Professional Networking Platform | [Live](#) | [Github](#)

Individual Project

- Built a full-stack professional networking platform with JWT authentication, user profiles, posts, likes, comments, and connections.
- Developed REST APIs using Express.js and MongoDB with image uploads via Multer and Cloudinary.
- Implemented real-time chat, notifications, smart user search, and dynamic news feed using Socket.IO.
- Deployed the MERN application on Render with secure client-server integration.

Technologies / Tools Used : React.js, Node.js, Express.js, MongoDB, Socket.IO, Multer, Cloudinary

SKILLS

Databases: MongoDB, Mongoose, MySQL

Frameworks & Libraries: React.js, Redux Toolkit, Tailwind CSS

Languages: English, Hindi

Programming Languages: JavaScript (ES6+), C++, Python, HTML5, CSS3, SQL, JavaScript

Soft Skills: Communication, Problem Solving, Teamwork

Tools & Platforms: Node.js, Express.js, REST APIs, JWT Authentication, Socket.IO, Git, GitHub, VS Code, Postman

EDUCATIONS

Bennett University

Aug 2022 – Aug 2026

Greater Noida, UP

B.Tech in Computer Science

CGPA : 8.26/10.0 | 12th: 90% | 10th: 93.4%

Coursework: DSA, DBMS, OS, CN, Software Engineering, Object Oriented Programming

CERTIFICATIONS

AWS Fundamentals & Cloud Computing Concepts | Udemy | June 2025: [Link](#)
